Conditional Use Permit – Terry L. Jensen Sr:

Land & Resource Director, Bill Kalar, stated that this CUP is for operating a marine repair business and the Planning Commission approved the request with three conditions. Attorney, John Hatling, representing Gordon and Marjean Hanson, referred to a letter of objection dated April 13, 2007, and urged the Board of Commissioners to deny the application for the reasons stated in the letter. Property owner, Carol Swiontek, objected to signage and setting a precedence of allowing this type of business in a typically residential, shoreland area. Terry Reard, property owner across the lake, urged objection to the CUP because of precedence of a marine business on the lake. Applicant, Terry Jensen, stated that there will not be signage. He presented pictures of the property and stated that he has been doing some housecleaning. Mr. Jensen stated he would be doing this work on a one-on-one basis and by appointment. He stated that 22 out of 24 dwellings on his road are in favor of the business and that there are 85 positive signatures of people in favor. Motion by Froemming, second by Block to deny the Conditional Use Permit request of Terry L. Jensen Sr. to operate a marine repair business for the following reasons: 1) Marine repair business is incompatible with the surrounding area and not appropriate to have a mechanics garage that has potential to spill oil, gas, grease, antifreeze and hazardous materials. 2) This business has the potential for noise pollution because of the power tools and testing of motors that would be necessary. 3) There is not sufficient room for storage for boats and trailers that are part of this kind of a business and could result in congestion. 4) The County Board is charged with maintaining clear water around the lakes. The property is described as Pt GL 5 bg 1012’ S of NW cor, (.36 AC), Section 11 of Maine Township; Pickerel Lake (56-475), RD. Chairman Mosher called for a roll call vote:

Motion carried 3 – 1.
