

SUBSTITUTE CARE PLAN

FOSTER HOME

“9945.0010 Subp. 13 Substitute Caregiver....means the person(s) providing temporary care for the foster child(ren) in the absence of the foster parent(s). Arrangements for substitute care must have the approval of the agency and the foster parent(s).”

“9545.0130 Approval of Supervision Plan for Foster Children...when all adults in the Foster Home are employed or otherwise occupied for substantial amounts of time away from the home, the plans for care and supervision of the foster children must be approved in advance by the agency.”

In the space below, describe your plan for supervision of foster children in your care. This should be a general plan and does not release you from the responsibility of notifying the child(ren’s) worker.

List any one over eighteen years of age who you would trust to ask to come to your home that would be able to watch the foster children.
