

Recycling your magazines and office paper is now easier! In addition to the option of delivering your recyclable magazines and office paper to a nearby recycling center during business hours, you may now recycle these materials in the county's blue roll-off recycling containers. Simply collect your magazines and catalogs, put them in a bag that is securely tied shut, and place them in the "newsprint" section of the Otter Tail County recycling bins. Office paper (such as printer paper, notebook paper, & white envelopes) can be put in a separate bag, securely tied shut, and also placed in the "newsprint" section. Questions? Call the OTC Recycling Processing Center at 218-736-4400
